WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

Four alike; screw bought, pad turned

Pad 50 diameter x 7, ball seat 10 deep for the screw tip

Round the screw tip to a 12 radius so the pad can tilt 5 deg

Locknut on the screw inside the nut

Pad sits against the pipe wall; the screw pushes it out

Check: pad swivels freely on the tip
